

Joy of Living Lights

Solstice 2020 December

Dear friends,

Come join us as we immerse ourselves into the promise of the future, inviting the wash of it.

We will let our passion for life be felt and heard, by shared sentiments and in search of the quintessence through the Nine Qualities: Belief, Understanding, Hope, Care, Life, Patience, Humility, Radiation, Charity.

The 24 hour Zoom process will begin on the Solstice, Monday the 21st of December 2020, at dawn, 5 am in New Zealand which is Sunday the 20th in the UK, Europe and US. Please see the global [timings here](#).

We will travel with the dawn around the planet and welcome the new force arriving, as we celebrate the Joy of Living Lights. A team of *Radiators* will emit their overflow in different ways of expressions, including art, music, movement, voice, insights, stories and much more.

Please find the link to the [program here](#) that is yet to be finalized.

We welcome all companions, friends and family to join in. See you there...
